**Re: Avery Landing Site
Shoshone County, Idaho**

Dear Mr. Villa:

In response to your March 30, 2007 letter, I am enclosing a Consent for Entry and Access to Property signed by Potlatch Forest Products Corporation ("Potlatch") which authorizes EPA access to the portion of Section 16 owned by Potlatch at the subject site to carry out the investigation described in your March 30 letter. Potlatch requests advance notice from EPA as to when EPA will access Potlatch's property and coordination with Potlatch representatives during the investigation. In light of Potlatch's long history of investigating contamination at the site, we believe Potlatch officials could provide assistance to EPA during the investigation by identifying property boundaries, prior sampling events, location of monitoring wells and other site features. Potlatch's contact on this matter is Terry Cundy and he can be reached at (208) 799-4135. Further as indicated in my January 25, 2007 letter, Potlatch believes that a significant portion of the contamination at the site is not located on Potlatch property but has been and continues to migrate onto Potlatch's property from upgradient sources. We assume that EPA is pursuing access to and investigation of these other properties as part of the "broader investigation" of the site referenced in your March 30, 2007 letter.

CONSENT FOR ENTRY AND ACCESS TO PROPERTY

Name:

Pamela Mull

Property Address:

The Avery Landing site - Part of Government Lot 1
of Section 16, Township 45 North, Range 5 East,
Boise Meridian, Shoshone County, Idaho, located
between the southerly boundary of FHWA Forest
Highway 50 and the northerly bank of the St. Joe River.

Mailing Address:

Potlatch Corporation

601 West Riverside Avenue, Suite 1100

Spokane, WA 99201

Telephone Number:

509-835-1500

Relationship to Property:

Vice President, Potlatch Forest Products Corp.,
property owner

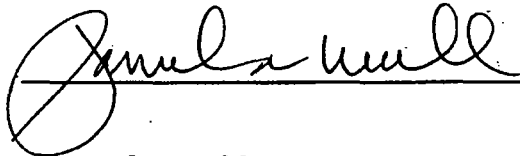

I hereby give my consent and permission to the officers, employees, agents, authorized representatives and persons acting at the request of the United States Environmental Protection Agency (EPA) to enter my property located at the address listed above for the purpose of conducting a removal site evaluation, including collecting surface water, ground water, soil, and sediment samples, and installing permanent ground water monitoring wells, as determined to be necessary by EPA.

After completion of the analysis and review of field and laboratory data, EPA will provide the above-named property owner with a data report.

I recognize that these actions by EPA are undertaken pursuant to its response and enforcement responsibilities under the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA), 42 U.S.C. § 9601 *et seq.*, as amended, and the Federal Water Pollution Control Act (OPA), 33 U.S.C. § 2701 *et seq.*

Period for access: 15 April 2007 through 14 May 2007.
